Photobiomodulation and Athlete Recovery Modalities: Consistent Use

Because the beneficial effects of infrared and cryotherapy build-up with each use, and because athletes find a lot of value in the use of our recovery pumps after work-outs and races, Thrive is proud to offer our members an unlimited monthly fee of all 3 for just \$299 - the ultimate package!

We care about our clients and don't want per-use pricing to hinder you from getting the best results from our top of the line athlete recovery tools. They are truly the best defense against soreness, lactic acid build-up, pain and inflammation.

No catch - no gimmicks. No hidden annual commitment or contract. You can cancel at anytime. If you don't cancel, your card on file will be charged \$299 per month, and you can use it as much as you'd like throughout the month during our regular operating hours.

Questions? Message us through the Contact form on the site, or email kevin@thrivemiddletown.com today.

*Cryotherapy is available to all members of the Thrive Family with the following exceptions:
Children under the age of 12, Pregnant women, those with heart issues or blood pressure,
those with severe raynaud's syndrome or a history of blood clots.*
